## Summary

Passionate and quick-learning IT graduate skilled in Java, Python, and SQL. Strong problem-solving mindset and eager to contribute to software development projects while expanding technical expertise.

## Technical Skills

- Programming: Java, Python, C, C++
- Databases: SQL, DBMS
- Core CS Subjects: Data Structures and Algorithms, OOP, Operating Systems
- Tools/Technologies: Git, GitHub

## Education

**MGM's Dr. G.Y. Pathrikar College of CS and IT**, Bachelor of Science in Information Technology

- CGPA: 8.05/10

**HSC (12th), 78.83%**

- Smt. Saraswatibai Bhale Patil College

**SSC (10th), 89.2%**

- Narsimha Vidhya Mandir, Pokharni (Nr)

## Projects

**Library Management System**

**Technologies Used: Python, SQLite, OOP**

- Developed a Python-based system to simplify daily library tasks such as borrowing, returning, and donating books, ensuring smooth and accurate record management.
- **Key Points:**
  - Implemented complete book management (add, borrow, return, donate).
  - Built a real-time tracking system for issued books and due dates.
  - Applied OOP for clean, modular, and maintainable code.
  - Used SQLite to store and manage all records securely.
  - Added error handling to guide users and prevent invalid actions.

## Certifications

- Certificate in **Python Programming** – Ravi Programming, 2024
- Certificate in **Core Java Programming** – Ravi Programming, 2024
